Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 13 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely dry with sunny intervals and the odd shower.

Today:
After a bright and frosty start for many, cloud will gradually build through the day with the occasional shower and some sunny intervals. Feeling milder than Monday. Maximum temperature 11 deg C (52 deg F).

Tonight:
Any showers will soon ease during the evening. Overnight, it will be largely dry with clear spells at times allowing for fog and frost patches to form. Minimum temperature 0 deg C (32 deg F).

Wednesday:
Largely dry but often cloudy on Wednesday with a few light showers possible. However, it will feel pleasant under any sunny spells. Cold by night with frosty patches. Maximum temperature 11 deg C (52 deg F).

Outlook for Thursday to Saturday:
Remaining largely dry throughout with sunny mornings and cloudier afternoons. Gradually becoming milder, though cold overnight with frost and fog patches.
